

To whom it may concern

Beena Gurung holder of Nepali passport number was working for me taking care of my daughter Eden Yosef from 4.06 until 1.11.08.

My daughter Eden Yosef is paralyze she can't do any thing by her self..
Eden was 1.5 years old when Beena started to work for us and needed full attention.
Beena had to change her clothes and dippers, to give her bath, to eat, took her out,
gave her simple physiotherapy, told her stories and much more.

She also kept the house clean, cook, change bed lining, ensuring the laundry is always washed.

Beena was a great nanny , very responsible, kind, patient and loving.
I was very satisfied with the way she took care of Eden and the house and I highly
recommend her.
He also keep the house clean, ensuring the laundry is always washed.

Sincerely,

Name: Yoel Yosef
