

Dear Sir and Madam,

Good day and good health to all of you.

*I'm **AILYN VERGARA ROSARIO**, 23 years old, born on Jan. 20, 1987. I'm the eldest in the brood of Six (6). I'm a kind of person who's hardworking, kind, reliable, resourceful, honest, loving, caring, hospitable, down to earth and most of all devoted to a Christian life. In my leisure time, I am fond of reading books, writing and listening to inspirational music.*

I've finished my Midwifery course in college and after graduation I was employed at the Pangasinan Hospital as an OB Gyne Assistant. My duties and responsibilities were to bath the infants, dressed them up, put diaper and teach the mothers the right way of breast feeding. Until the time I decided to try my luck of working abroad.

I am now here in Taiwan and employ as a Nanny of the 6 year old girl. I help her in bathing, dressing, prepare her nutritious meals and snacks, send and fetch her from to school, teach her to do the homework, tutoring, story telling, playing indoor and outdoor activities such as reading rhymes, writing, drawing, counting, coloring, watching cartoons and educational programs on TV, playing ball games, biking, tennis, swing, see-saw and hide and seek. During playing time, I always alert to secure her safety to avoid the unnecessary accidents.

I also perform the household tasks such as general cleaning, washing and ironing clothes, cooking, marketing, wash the cars and empty the garbage. I consider myself as a good nanny because I think I have all the best qualities with positive outlook in life. I am very optimistic and have a

genuine concern to the people that I am taking care for especially with the kids.

I would be very grateful if you can give a chance to work in your family. I promise and assure you that I will do all my best to give all the care that your children's need. I will treat them as my own kids and give all my love and concern.

Sincerely Yours,

Ailyn V. Rosario
