To my Prospective Employer;

I am Richie M. Alimboyong, 29 years of age, single with good health and good moral character. My height is 5'8" and having a weight of 155kgs. I am a Filipino Citizen with a provincial address at 0514 Espinoza St. Tago, Surigao Del Sur Philippines. I was born on January 15, 1979. I am the 6th child among the 9 children of Mr. Guitermo Alimboyong and Victoria C. Alimboyong. I have two sister and 6 brother, wherein two of younger brother are still studying in College. The main source of income of my family is palay farming wherein my father who is 67 years old and my mother who is 63 years old are still engage in farming despite of their age. They themselves are still plowing the land, planting rice and etc. Due to a very low income which my parents get from palay farming, most of my brother have not finished their studies. In fact two of my brother who are jobless and no source of income are still getting financial support from my parents. These made me challenged to work abroad.

Presently I am working as a Caregiver here in Taiwan. I am taking care of 5 years old ^{girl} daughter whose father is an Australian and her mother is Taiwanese. She is the only one daughter. The family owns an English Kinder Garden school. And both of her parents are teaching in the same school. I'm taking care and guiding her to school. I prepare things smoothly, in changing clothes I attentively checked on her to be neat and clean. Every morning I send her to Chinese school and in the afternoon I send her to English school which is owned by them. Before and after I send her to school I do cook for the family, do laundry, clean the house and do all the household chores.
