TO WHOM IT MAY CONCERN

Miss. Rachana Shrestha, a Nepalese citizen had been an employee as a caregiver from 1st of April 2006 until 5th of June 2009 for my mother Mrs. Shulomit Pinsky who was a member of Kibbutz, Afikim-15148, Israel.

While Rachana cared for my mother she proved to be a successful caregiver who completed her duty with responsibility as a caregiver and proved herself as a sincere, devoted skilled hard worker.

She was an extremely conscientious employee during the whole period while my late mother was alive.

I strongly recommend Rachana for her future as a caregiver as she is a qualified and extremely experienced caregiver.

I wish her all the success in her future career.

You're sincerely.
