

Dear Future Employer,

Good day to you and your family!

I am Maricar R. Apsay, 39 years of age and single. I have two sisters and one brother. I took up a two-year course on Secretarial. I am also a graduate of the Eight Months Caregiver Program. I am organized, meticulous, hardworking, honest and flexible in all aspects. My hobbies are reading, doing outdoor activities like swimming, playing ballgames, hiking and strolling at the park, cooking and gardening, watching funny movies, eating at the restaurant and going to Church.

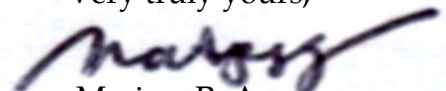

At present I am working as a Caregiver to a 78 year old woman. I attend to the daily needs of grandmother. At the same time, I also attend to the daily needs of my employer's 10 year old son. I prepare his meals everyday, prepare his things for school, assist him in bathing and dressing, escort him to and from the school, assist him in reading and writing English. While he is in school, I do my household chores like cleaning the house, washing clothes and running errands.

It feels great when I feel that I'm part of the family. Taking care of children gives me joy especially when they are sharing with me stories about their friends and activities in school. I treat them as my younger sister or brother.

My contract here in Taiwan will soon end. This is the reason why I'm taking this opportunity to apply as Caregiver in Canada. I have heard so many good things about your country and people. I guarantee that you will not regret your decision in hiring me. The welfare and safety of your children will always be my priority.

Thank you very much and I'm looking forward to meeting you and your family.

Very truly yours,

Maricar R. Apsay
