

To my future employer,

My name is GINA BASTERECHIA BONA; I'm a Filipino citizen working in Macau since May 2006 up to present. I am a loving mom of my 2 kids and I'm really willing to go and work in Canada.

I have a great experience in taking care of an elderly and I really love them and my happiness is that they bring it back to me. I have the chance to work for a lovely family, the livings. Her name is LEONG WONG a 78 years old now and I am very attached to her. I am a little bit sad to leave her but I am confident in my future and I am sure that I will find also a lovely family in yours. And also, I would like to have the opportunity to discover Canada and to realize my dream.

My experience teaches me a lot and I'm still very willing to learn more and can cope. I know how to handle the situation towards elderly with understanding and a lot of patience and love. I will listen to you in order to assume this big responsibility and to make you feel confident. I am an honest person, hardworking and God fearing.

By choosing me, you will be sure that I will look after your Grandparents as if they were my own parents. You will be my second family and I already thanking you for that.

I can provide you with any other information that you need, just please let me know. I can't wait in meeting you.

Much love and best regards to your family circle.

Thank you very much for reading my letter.
