LETTER OF REFERRAL

This letter is made in my sincere desire to endorse Ms. Jennifer S. Barlolong who has been employed in this institution as a nursing Aide Attendant from March 2001 up to present. During her tenure of employment, Ms. Barlolong was found to be dependable employee. Devotion to duty, cooperation and her rare ability to get along with her superiors and co-workers alike are among her worthy personal characteristics.

She always endeavored to perform her assigned duties and responsibilities to the best of her knowledge and abilities. Thru her unstinted performance, she has immensely contributed to the mission and vision of the health care of this institution that is to give quality care and provide immediate medical needs of her patients.

The undersigned does not hesitate to recommend her for an employment in your institution.

This letter has been issued in recognition of Ms. Barlolong's excellent performance and loyalty to this institution.

Very Truly Yours,

Aristotle P. Bonifacio
