

To whom it may concern,

date: 22.5.10

Miss Shrestha Maina from Nepal was working for my mother Aliza Neil from 13.9.08 until 3.09

MY mother was 70 years old , paralyze and needed help in every daily task such as changing clothes, dippers, with showers and much more.

Miss Shrestha Maina took care of my mother with a lot of devotion, patient, warmness and love until her last day.

I highly recommend miss Maina as a caregiver

Miss Maina learn how my mother likes her cooking and each time we came over the all family she cooked for all of us with pleasure and a smile.

Maina always made sure that both my mother and the house is clean and in order.

I have no words to describe my appreciation to miss Maina for the excellent work she did with my mother.

Unfortunately my mother was very sick and passed away. I am writing this recommendation letter on her behalf since I knew miss Maina personally from my many visits to my mom and also got updates from my mom about Maina.

Sincerely,
