

I have finished Hotel and Restaurant Management as I love ^{cooking} so much. I also I have graduated the 100hrs. Training Course on caretaker/caregiver conducted by TESDA in Philippines. I have been experiencing serving a family and take care the children from new born to grown up. Infact I was a working student since high school up to college.

I have wish to work in Canada knowing the fact that I could help my family more in terms of financial support. as I am currently helping my parents and my two younger brothers to finish their studies.

Many friends of mine are telling me that I am martyr in a sense that I never had any moment to think for my self because everything I am doing and working is for my family.

My special interest and hobbies are cooking/baking, in my free time I like to do gardening, decorating the house, reading books & new magazine, watching TV. I can ride bicycle and I'm a good swimmer too. I do any sports such as: volleyball, badminton etc.

I will thank God if he will give me a kind Humble, caring and understanding employer and I can let my self feel that I'm also a member of their family. They have a clean & pleasant home with a very happy & loving family.

For me working in Canada is big opportunity and a new found freedom I won't hesitate to accept the chance of working in your country especially to your family. I want to experience, coming to a cold climate country and learn the culture and most of all the Canadian Cuisine. Cooking is one of the vocations that I love most. Dear employer I assure that I will be a good nanny/caregiver to your family and I'm very much interested to work with you as soon as you need my service. I will be very happy if you will give me a chance to work with you in the near future.
