

Dear Future Employer,

I am Analyn M. Guevarra, 23 years old and single. I am the fourth among five siblings. I graduated with a degree in Bachelor of Science in Nursing. I am a Registered Nurse after passing the Licensure Examination for Nurses in June, 2008. I am currently working as a Caregiver in Taiwan in order to enhance and apply what I learned from my course.

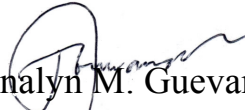

I have a lot of experience when it comes to taking care of elderly people. I had my on the job training in a hospital and a mental rehabilitation center. I was assigned in different areas like the operating room, emergency room, geriatric, pediatric and treatment wards.

I am taking care of an 80 year old male who has diabetes, hypertension and chronic renal failure (CRF). He undergoes dialysis three times a week. While the patient is having the dialysis, I monitor his blood pressure and the dialysis machine. I assist the patient in bathing, feeding, giving medicine, walking and doing some exercises. Daily, I check his blood pressure, pulse rate and glucose count. I also do household chores like cleaning the house and cooking. I enjoy this kind of job because I am able to apply what I have learned in my course. It also makes me happy when I care for other people especially the elderly ones.

Please consider this letter as my application to you as a Caregiver. You will not regret hiring me because I have the ability and experience in this kind of job. I hope you will give me the chance to work for you.

Thank you very much and looking forward to meeting you soon.

Very truly yours,

  
Analyn M. Guevarra
